YOUR NEED - OUR SOLUTION

HELPING YOU SET UP YOUR FUND

- We support you in the selection of the **fund type** that ideally suits your investment strategy's needs (UCITS, SIF, AIF, ...), **fund structure** (SICAV, FCP) and **fund domicile** (LUX, LIE, CH, other).
- We support you in the **selection of high quality service providers** (administration and custodian bank).
- We provide **cost advantages** derived from our position as a «bulk purchaser» of fund structures.

- If you need support beyond selecting a service provider: We stay involved during the process of setting up your fund and actively interact with service providers (administrator, custodian) and (indirectly) with regulatory authorities to get your fund started as quickly as possible.
- If you need a special solution: Trust that most probably we will find a set-up that will serve your needs.
- If you are truly unique: In selected cases we are promoting funds within our growing network of investors and may get actively involved in raising seed money for your fund project.

YOUR NEED - OUR SOLUTION

PROVIDING A FUND'S INVESTMENT MANAGER FUNCTION

- Provision of the regulatory investment manager function (FINMA).
- Provision of risk management & compliance (internal & external).
- Provision of human resources in portfolio management (1-2 acting portfolio managers).
- Provision of the legal framework for fund sales activities in Switzerland (distribution license).
- Provision of substance on a company level (necessary equity).
- Flexible integration of asset managers or portfolio managers (different solutions available).
- Coverage of liability risks (insurance solution for losses from «mistrades» that exceed EUR 50k).
- Life cycle management of a fund's relationship with service providers and regulatory authorities.

YOUR NEED - OUR SOLUTION

PRICE TAG

- Each set-up and fund structure is unique so that (inevitably) prices may vary:

Expect a UCITS fund of CHF 50 mio. in size to have total running costs of 0.25%-0.30% p.a. (covering launch, administration, custody, risk management, compliance, audit and regulatory authorities).

- For its services MRB will charge a fee that varies with a fund's size, complexity and the resources that are needed to run and maintain your individual solution.
